2022-23 Butterfly Garden Project
Together We Heal, Grow, and Soar

Sponsorship Opportunities

MSU AgeAlive in College of Osteopathic Medicine and the Asian Studies Center Japan Council will hold an art exhibition at the International Center with thousands of paper butterflies made by MSU students, faculty, staff and local residents to reflect on the third anniversary of the start of the COVID-19 pandemic and its impact on our lives.

Benefits
- You can be a part of the project, which brings together multiple organizations on the MSU campus and the nearby cities. This project will lighten our sadness and frustration due to the pandemic, reaffirm our appreciation of being alive, and strengthen our hope and commitment to the future.
- You can increase your organization's visibility. Thousands of people are expected to see the exhibition.
  
  March - Japan Month
  April - Science Festival
  May - Graduation; Asian American & Pacific Islander Heritage Month
  June - Big 10 Women's Club Conference
- You will have an opportunity to tell your stories on the panel/digital screen in the International Center.
- The representatives from your organization will be invited to the opening ceremony.
